

## 5 Amar Cantar Bailar (3'20") Love Sing Dance

Bm (+ D7/6)

Tu que no sabes donde sale el sol,  
seguro sabes donde está el amor,  
tu que no puedes parar de mover,  
sigue este ritmo que te llevara..

A cantar..a soñar..a sentir..

a vivir, con todos tus sueños,  
y cantar con tu corazón,  
y a bailar hasta la mañana,  
enamorando, bailar y bailar.

Y nos vamos de la mano,  
para la casa cantando,  
es la misma melodía,  
que no para de sonar.

A cantar..a soñar..a sentir

a vivir con todos tus sueños,  
y cantar con tu corazón,  
y a bailar hasta la mañana,  
enamorando, bailar y bailar.

enamorando, bailar y bailar.

You, who doesn't know where the sun  
comes up,  
for sure you know where the love is,  
you, who can't stop moving...  
follow this rhythm that will take you ..

To sing ... to dream ... to feel ...

to live, with all of your dreams  
to sing with all of your heart,  
and to dance until the morning,  
falling in love, dancing and dancing.

And then we go hand in hand,  
towards home singing,  
it is the same melody  
that has not stopped ringing.

To sing ... to dream ... to feel...

To live with all your dreams,  
to sing with all of your heart,  
and to dance until the morning,  
falling in love, dancing and dancing.

falling in love, dancing and dancing.

## 6 Paloma Mensajera (3'38") Dove Messenger

A D7/6 G A

Sentado en la cima de la montaña,  
con los pies colgados en el espacio,  
la mirada perdida, en el infinito,  
pentagramas de nubes,  
pentagramas de nubes,  
y las notas, los pájaros volando.

Y abajo en el valle un montón de casas,  
si yo pudiera volar sobre los techos,  
acercarme a tu puerta y golpear...  
te invitaría a venir, te invitaría a venir..  
quiero compartir, cada momento contigo  
si pudiera tenerte, realmente..

Aqui va mi paloma mensajera,  
aqui va mi paloma mensajera,  
quisiera imaginarte, abriendo el mensaje,  
y solo ver, un corazón,  
un corazón,  
un corazón...

Sitting on top of the mountain,  
with my feet dangling in the space,  
staring lost into the infinity.  
The clouds are like scores of music,  
the clouds are like scores of music,  
and the notes... the birds flying.

And down in the valley... a lot of houses.  
If I could fly over the rooftops,  
come close to your door, and knock...  
I would invite you to come, I would invite  
you to come,  
I want to share every moment with you  
if I could have you in reality..

Here goes my dove messenger,  
here goes my dove messenger,  
I like to imagine you are opening the  
message, and see only a heart...  
a heart...  
a heart...

## 7 Deberías Saber (3'56") You Should Know

Em  
Deberías saber,  
que no olvidaré,  
que un día me dije,  
siempre te querré.

Em  
Aunque nunca seas mía,  
ni compartas tu sonrisa,  
ni te tenga entre mis brazos,  
como en mis sueños lo haces.

Em  
Siempre te querré...

Em G  
Cuando pasas caminando,  
con tus libros bajo el brazo,  
mi corazón queda volando,  
como un niño entusiasmado.

(coro)

Me gustan las fantasías,  
y al mirar la realidad,  
descubro que la verdad,  
prefiero ser un soñador.

siempre te querré...

Cuando pasas caminando  
con tus libros bajo el brazo  
mi corazón quedá volando  
como un niño entusiasmado

You should know,  
that I will never forget,  
that one day I said to myself...  
I will always love you.

Although you will never be mine,  
neither share your smile with me,  
or have you in my arms  
as you do in my dreams.

I will always love you...

When you walk by  
with your books under the arm,  
my heart goes flying,  
like an excited child.

I like the fantasies  
and when I look at the reality,  
I discover that the truth is...  
I'd rather be a dreamer.

I will always love you...

When you walk by  
with your books under the arm,  
my heart goes flying,  
like an excited child.

## 8 Entre Tu y Yo (3'11") Between You and I

Abm

Como un verano que no acaba  
entre tu y yo,  
por este amor que sigue brillando al sol,  
para hechizarte otra vez tu corazón,  
aqui me tienes frente a ti.

Para encender de nuevo toda esta pasión,  
voy a invitarte a recorrer el cielo azul,  
juntos cruzados en un sólo cuerpo amar..  
y concebir la nueva vida entre los dos.

F# E D#7/9  
Alegria que no puedo esconder,  
corazón que quiere cantar,  
corazón que quiere cantar,  
corazón que quiere cantar.

La libertad que siempre vive  
entre tu y yo,  
de enamorarnos cada dia sin razón,  
son esas cosas que me llevan a seguir,  
cerca de ti.

Para encender de nuevo toda esta pasión,  
voy a invitarte a recorrer el cielo azul,  
juntos cruzados en un solo cuerpo amar,  
y concebir la nueva vida entre los dos.

Alegria que no puedo esconder,  
corazón que quiere cantar,  
corazón que quiere cantar,  
corazón que quiere cantar.

Like a summer that never ended  
between you and I,  
for this love that still shines in the sun,  
to charm your heart one more time,  
here I am in front of you...

To light again the fire of all this passion,  
I will invite you to promenade the blue sky,  
entwined together as one body, to love  
and conceive a new life between us.

I cannot hide the joy..  
the heart wants to sing,  
the heart wants to sing,  
the heart wants to sing...

The freedom that always lives  
between you and I,  
to fall in love with you each day without a  
reason,  
those are the things that lead me  
to continue to be close to you.

To light again the fire of all this passion,  
I will invite you to promenade the blue sky  
entwined together as one body, to love  
and conceive a new life between us.

I cannot hide the joy..  
the heart wants to sing,  
the heart wants to sing,  
the heart wants to sing...
